Seaflow Massage Bathtub Advantages

Introducing the high intelligent technology, the massage system Adopts a creative hydromassage system at the bottom, whose massage System is much healthier and more comfortable than the traditional massage Systems. Which is the combination of whirlpool massage and bubble massage. Long-term usage of massage bathtub can stimulate the blood circulation, Which makes you pleasant and relaxing.

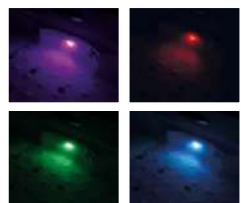

Whirlpool Jet :-

Seaflow massage bathtub are designed according to principal of human engineering. The whirlpool jet are adjusted for the precise positioning and massage intensity, to target the acupoints on your body , allowing the water flow to massage can stimulate the blood circulation effectively, eliminathing fatigue and making you comfortable.

Bubble System :-

Bubble massage delivers thousands of bubble that massage your body for a invigorating experience, but you just feel a little gentle stimulation on your skin.

Under Water Led :-

Light, soothing the mood seaflow massage bathtub are equipped with the underwater led light. You place the light around the bath to infuse the water with color.

Health care :-

Massage system is whirlpool massage , stimulate the blood circulation, making you pleasant and relaxing.

Comfortability :-

As the massage system is equipped with the water pump system, will help with an enjoying the comfortability and quietness.

Treatment :-

Water treatment is one of the most historical and safe way in treating many common diseases, the impact strength of whirlpool massage effected on the joints of your body is much better than your exercise on the ground, the water treatment also can help ease the pain of arthritis, relieve pain and soothe the stiff body.
